McNALLY SCHOOL OF FINE ARTS

1 **Project 3V.4: Visualize, Voice, and Vision**

This exhibition celebrates the fourth iteration of a sustained collaborative online digital media and art project between LASALLE's Diploma in Fine Arts programme and the Visual Arts programme in the Faculty of Arts and Social Sciences at Sabanci University in Türkiye.

This signature project encourages student artists to engage collectively in critical analysis, reflection and research to investigate social, cultural, historical and environmental issues in contemporary artistic practices.

After identifying topics of mutual interest under the guidance of faculty supervisors from both universities, students from both locations co-produce artworks that tour from Southeast Europe and Southwest Asia to the tropics.
